GREEN HILL
Property known as 'Green Hill' proximate to 1408 Military Way
July 8, 2019

On June 25, 2019 the University of Utah Board of Trustees’ Campus Master Planning (CMP) Committee designated the one-acre parcel directly adjacent to and south of 1408 Military Way property from 'academic core' to 'outdoor green space.' This action was taken in accordance with the commitment made by President Watkins to designate this land as such. The committee did not approve an easement - temporary or permanent - in conjunction with the changed designation.

Below is a map identifying the one-acre land parcel now designated as outdoor green space by the Board of Trustees’ CMP Committee.
